Al Gore has been a passionate advocate of action to halt climate change for many years. In his best-selling book, *An Inconvenient Truth*, he wrote about the urgent need to address the problems of climate change, presenting comprehensive facts and information on all aspects of global warming in a direct, thoughtful and compelling way, using explanatory diagrams and dramatic photos to clarify and highlight key issues. Adopting the same lucid technique in *Our Choice*, he proposes solutions at every level of our lives, from the personal and local to the national and political to the area of international policy and law.
