Suitable for all abilities, from beginners to advanced level, "Juegos con palabras" is an excellent tool for practicing vocabulary and consists of 20 different games which are accompanied by both the rules and instructions and cards (900 pictorial and 900 text-based) which can be cut out and used for the games suggested. The majority of the games are designed for use in groups of 4-5 students but there are also some games which can be played by one player and others for groups of 20 students.
