Reward is the highly successful five-level general English course for adults and young adults which is now used and recommended extensively across the world. Choose the Reward series and you will have up to twelve fully-integrated components at each of the five levels. The series, written by Simon Greenall and the highly-experienced Reward author team, is now complete. It provides teachers and students with one of the most comprehensive English language teaching courses available today.

Reward takes adult and young adult learners from complete beginner to upper intermediate level. The course is based on a broad and integrated multi-syllabus approach: broad in the sense that it gives obvious systematic focus to grammar and language functions, vocabulary, the four skills and sounds, but also in that it implicitly covers a variety of topics, learner training and socio-cultural competence.
