The novels stirring action follows on from that of *The Hundred Days*. Napoleons hundred days of freedom and his renewed threat to Europe have ended at Waterloo and Aubrey has finally, as the title suggests, become a blue level admiral.

He and Maturin have - at last - set sail on their much postponed mission to Chile. Vivid with the salty tang of life at sea, OBrians writing is as powerful as ever - whether he writes of naval hierarchies, night actions or of the most celebrated fictional friendship since that of Sherlock Holmes and Dr Watson. *Blue at the Mizzen* also brings alive the sights and sounds of revolutionary South America in a story as exciting as any OBrian has written.
